## Fireworks Will Be A 4th Feature

Pahokee will be host to thousands of visitors at the big Fourth of July celebration to be staged on the Lake Okeechobee waterfront under the joint sponsorship of the Chamber of Commerce and the City of Pahokee, with other civic groups cooperating.

Main event on the program will be the fireworks display over the harbor, which will originate from the breakwater. This event will start at dusk with spectators to view the show as they are comfortably seated in their cars parked in tiers on the lake side of the levee. This year's display will include new, added features, according to Wiley Tillis, chairman in charge of arrangements.

Concessions sponsored by the Woman's Club, the Rotary Club and the Lions Clubs of both Pahokee and Canal Point are scheduled to open around 11 a. m. There will be a beauty contest sponsored by the Jaycees in the afternoon, according to present plans.

## Local Post Office Air Conditioned

Kautz Plumbing & Electric of Canal Point completed installation of a new air conditioning unit at the Canal Point post office, according to Mrs. Edythe Smith, recently appointed post master.

Installation of the air conditioning unit makes the local post office just about as up-to-date as any in South Florida. Only a few months ago Paul Rardin, owner of the building in which the office is located, completed a remodeling contract for the government which brought installation of all new and modern equipment and boxes.

The lobby, formerly an old style set-up, is now the modern bank-type and is easily accessible to those who wish to spend their money with Uncle Sam. New boxes, new cancelling machine, new general delivery equipment, new parcel post shelves, and many other recently acquired pieces of equipment have made the office a handsome one.

## Board Would Hold Millage At 5.92

Palm Beach County Commission Chairman Paul Rardin promised this week there will be "no frills" in the county's up coming budget. "The blue pencil has been sharpened," he announced Monday and added the "entire board of county commission pledges to hold its tax rate at 5.92." This is the same as the current millage figure.

Rardin urged that all groups give serious consideration to this years budget requests and he specifically pointed his remarks to all constitutional officers, department heads, county promotional groups, charity organizations, civic clubs and "do-good" groups.

"There will be a serious effort," he said, "to hold the tax levy at the present 5.92 mills."

## Legion Convention Planned For Miami

Furthering plans for the National American Legion and American Legion Auxiliary Convention to be held at Miami Beach, Oct. 15-20, Auxiliary members from Palm Beach County have been extended invitation to attend a reception honoring Mrs. Alexander H. Gray, of Tennessee, National Auxiliary president, to be held at the Deauville Hotel, Miami Beach, July 7 at 8 p. m.

Announcement of this affair was made by Mrs. L. M. Duncan, Sr., Miami, National Auxiliary convention press chairman, through Palm Beach County Press Chairman Mrs. Merrill C. Meade, West Palm Beach, who urges all Auxiliary members who possibly can to be present for this affair in honor of their National president.

## Brownie Troop In Final Season Meet

Pahokee Brownie Troop 247 held its last meeting of the season in the social hall of the First Methodist Church for the annual "Fly-Up" ceremony, the ritual in which Brownies reaching the eligible age are graduated to the status of Girl Scouts.

The Scouts presented a program of songs and folk dances and each received a copy of the Girl Scout Handbook. Mrs. M. Sullivan, troop leader, received a gift from the Scouts.

Prior to the ceremony and program members of the troop and their families enjoyed a potluck supper. Mothers assisting were: Mrs. J. H. Wilkinson, Jr., Mrs. F. S. Parrish, Mrs. Basil Todd, Mrs. Robert Shackford, Mrs. Glenn Brower and Mrs. J. T. Boynton.

## Hank Aldridge New Rote President

New officers of the Pahokee Rotary Club, including President W. K. (Hank) Aldridge, Vice President Robert O. Lampi, Secretary E. C. Johnson, Treasurer C. A. Batchelor, and Division Directors Sasser Watson, W. S. Plummer, R. M. Sanders and Luke Dufresne, were installed and assumed their duties of officer at the regular luncheon meeting this week.

The installation ceremony was carried out by Past President Paul Rardin who predicted a successful year under the direction of President Aldridge and his officers.

C. E. (Bill) Williams, retiring president, gave a report on club activities and achievements for the past year.

**OFF TO KANSAS**

Geo. B. Ramey left Wednesday for Spring Hill, Kansas, where he will join his wife who has been there for the past six weeks helping to care for his mother, Mrs. Mattie Ramey, who is ill at her home there. He will also visit his sisters, Mrs. Ruth Wallace and Miss Maude Ramey, and aunt, Miss Minnie Osborn, while there.

## Michael Sanders Get 19 lb. Catfish

Michael Sanders, 12-year-old son of Mr. and Mrs. R. M. (Mike) Sanders of Pahokee has become quite a fisherman under the guidance of his grandfather, R. W. Sanders of Pahokee. Just recently Michael landed a string of catfish at No. 2 locks on the St. Lucie canal that weighed 19 pounds, 14 pounds and 8 pounds each.

Young Sanders was using a spinning reel and cut bait when he landed the record catch. He has been fishing at the locks with his grandfather and another Pahokee fisherman of no mean ability—J. Crawford Mock. Under the tutelage of the older pair, young Sanders has learned the art of landing the big ones.

Not too many days ago his grandfather landed what is thought to be the record size catfish for the summer at the same fishing spot when he brought in one that tipped the beam to 27½ pounds. Michael is waiting for one of that size or bigger to hit his bait so he can say that he hasn't been outdone by his grandfather.

## Indigent Care To Get State Help

The county commission was hopeful this week that some \$60,000 in state and federal funds will be available during the coming year to help take care of the county's medically indigent residents.

Commissioner Roy Michael, Jr., reporting to the board, said a conference at Jacksonville with State Health Department officials brought hope that additional funds will be available.

He reported that a matching fund of \$550,000 established by the state had been depleted and there is now a serious threat of the loss of federal matching funds.

He added that \$1 million surplus exists in the State Welfare Dept., and there is a strong possibility this money may become available for matching funds if a transfer of money can be worked out.

Michael said present plans call for the State Association of County Officials to request the State Budget Commission to make the transfer.

## Tax Roll Will Be Late This Year

The county commission this week granted the tax assessor and extension of time for presentation of the annual tax assessment roll. At the request of the assessor, the board extended the time until July 18 for presentation of the roll.

Statute provides the commission shall sit as a board of equalization starting July 5. Chairman Paul Rardin said the board will open its annual equalization hearings on the July 5th date but will recess the hearings immediately until July 18 when the tax roll will be available for study.

## State Refuses To Grant 215 Acres

The State Cabinet Tuesday refused to deed 215 acres of Pelican Bay lands (Richlands) in Palm Beach County to the City of Belle Glade.

But the Cabinet, sitting as trustees of state lands, agreed to withhold the strip of land from public sale until it is determined what use the city plans to make of it.

Rep Emmett Roberts and Publisher Luther Jones had asked for certain stipulations in case the land were deeded to the city. But Comptroller Ray Green opposed any outright grant "of this valuable property" at this time.

The strip Belle Glade wants is adjacent to State Rd. 717 and was heretofore used by Future Farmers of America.

## Tom Kirk Killed By Stroke Lightning

Tom S. Kirk, former Seaboard commercial agent in Pahokee, was killed Saturday on a golf course at Winter Park when he was struck by lightning. Two other men were seriously injured.

Mr. and Mrs. Kirk and their two sons, Steve and Bill, lived in the Cochran apartments when they were residents of Pahokee. They were members of the Pahokee Episcopal church. They moved to Orlando from Pahokee ten years ago.

During the time Mr. Kirk lived in Pahokee he was a member of the Pahokee Rotary Club and at one time was manager of the Farmers Market where he also conducted a claim agency. It was a like agency that he was conducting in Orlando at the time he was killed.

## Light Fund Found To Be Sufficient

H. H. Sears reported the collection of \$54 for the Canal Point Street Light Fund at the weekly dinner meeting of the Lions Club and O. H. Sheppard, \$30, these amounts making the fund's total sufficient for the club to enter contract with the Florida Power and Light Company to furnish street lights for the community for another year, starting July 1.

It was announced that Phelix A. Slonaker and other newly elected officers will assume their duties of office at the next meeting.

The Arts and Crafts group will have a pet show on July 1st. Everyone is invited to attend. All the pets are to be original creations by the participants. The children are collecting the necessary items to construct the animals and are assembling them during the afternoons between 2 and 5 in the Arts and Crafts classes. Ribbons will be awarded for prizes.

Mrs. Woolfer reports that the science workshop is off to a good start. Here in the glades we have an abundance of flora and fauna for classroom study.

### Soft Water Is Claim City Of Pensacola

PENSACOLA — Escambia and Santa Rosa counties have the purest, softest water in Florida according to Dr. Owen Marsh of the U. S. Geological Survey who made this statement in a recent talk before the Pensacola Kiwanis Club.

The primary reason industries like Chemstrand and American Cyanamid have chosen to locate in these counties is because of the absence of unchemicalized water, he said.

Escambia and Santa Rosa counties lie on the flank of a sinking trough, Dr. Marsh explained, and in this area the limestone which was once at the surface of the ground has sunk hundreds of feet. Instead of seeping through limestone and dissolving some of its minerals, water here comes through a thick mass of quartz sand and gravel which is practically insoluble, he said.

Mr. and Mrs. Charlie Collins of Wauchula attended the Collins-Carey wedding Sunday.

### Census Guessers Did A Good Job

TAMPA—Florida census guessers did fairly well in some cases and not so well in others. The first Research Corporation was on the nose for Polk and Hillsborough Counties. Kiplinger's Florida Letter hit Dade and Escambia with a near bull's eye.

There seemed to be a tendency to under rather than over estimate growth and this was particularly true of certain West Coast areas. No leading expert was high enough for Sarasota, Manatee, Charlotte, Lee, or Pasco.

The University of Florida scored perfectly on Palm Beach County but was low on many.

Pinellas County was probably the most underestimated. The suncoast area has progressed so rapidly that it had the statisticians in a dither.

Now research organizations are trying to develop a better yardstick for measuring census prophecies.

### Natural Gas Cost Said Too High

MIAMI BEACH—Appearing before a hearing held by the Florida Public Utilities Commission in Miami recently, City Councilman Melvin Richards of Miami Beach pointed out that instead of being cheaper, natural gas is costing the consumer more than the man-made product formally did.

He contended that the local gas company was purchasing gas from the Houston Gas Corp. at 5.5 cents per therm and reselling it to consumers at from 12 to 49 per therm.

A spokesman for the Peoples Gas Company admitted that the charge for natural gas is higher per cubic foot but contended that natural gas has so many more heat units that it is really cheaper.

The Miami hearing is one of several scheduled to be held throughout the state on the question of gas rates.

Mrs. Earl Maxson was the guest of Mr. and Mrs. Phillip Maxson at Riviera Beach Monday and Tuesday.

### RURAL DEVELOPMENT ENHANCED BY LOANS TO SMALL BUSINESS

Main Street, U. S. A., is getting a big boost from the work of a government agency whose job it is to help small businessmen.

According to figures released this week by James F. Hollingsworth, director of the U. S. Small Business Administration's office serving this region, the agency has loaned nearly \$90,000,000 to small firms in towns and rural communities all around the country.

Between July 1959 and April of this year, a total of \$2,627,500 worth of credit has been made available to businessmen serving mainly rural areas in this region, which includes Florida, Georgia, Alabama, Tennessee, Mississippi, Puerto Rico and the Virgin Islands, Mr. Hollingsworth reported.

The Small Business Administration started operations in 1963 with a mandate from Congress to help small firms maintain their place in today's highly competitive economy.

SBA loans average about \$45,000 each, with an average six-year maturity and an interest rate of 6 1/2 percent. Local banks, many of them in towns and small cities, participate in about two-thirds of these loans.

Just about every type of business, from abattoirs to zinc wire manufacturers, have benefited from the agency's credit program.

Mr. Hollingsworth emphasized that his agency does not compete with local bankers. In two-thirds of the cases the SBA loans or guarantees prompted a local banker to extend credit also.

Besides helping individual businessmen, the agency has a whole arsenal of other programs that can boost the economy of towns serving farming areas.

### PLAT AVAILABLE

People who are interested in seeing the plat of Richlands, Inc., that is to be auctioned July 26 may do so at the Everglades Farm Bureau office in the Elsberry Building in Belle Glade anytime during office hours.

COSTS SO LITTLE... WORTH SO MUCH

Here's what the new  $3\frac{3}{4}\%$  interest rate  
on U.S. Savings Bonds means to you:

**\$3 = \$4** *fourteen months faster than before*

***The Bonds you own are better  
than ever, too***

The new  $3\frac{3}{4}\%$  rate means your savings grow faster than before with U.S. Savings Bonds. \$3 becomes \$4, or \$3,000 becomes \$4,000 in just seven years, nine months. This applies to all Series E Bonds bought since June 1, 1959.

Then, all older Bonds, both Series E and H, pay more now—an extra  $\frac{1}{2}\%$  from June 1 on, when held to maturity.

And, all Series E Bonds carry a new 10-year extension privilege. This means your Bonds will keep earning liberal interest automatically after maturity.

These three new cash benefits make today's U.S. Savings Bonds the finest in history. They make the ones you own now better, too.

**More advantages of U.S. Savings Bonds**

**You can save automatically.** Just tell your company how much to deduct every payday for Bonds, and your Bonds will be delivered to you. This way you can't forget to save. And, remem-

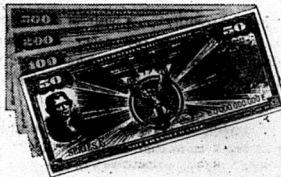

ber, the money you don't touch can't slip through your fingers.

**You can get your money, with interest, when you need it.** Your Bonds are a ready reserve to use anytime you wish. But, it pays well to hold them.

**Your savings can't be lost or stolen.** The U.S. Government guarantees to replace your Bonds, free, if anything ever happens to them.

**You save more than money.** The Bonds you buy help keep the peace because peace costs money. Money for better education, new scientific research, greater military strength. And the money you save helps strengthen our nation's economy which depends on the financial strength of individuals to keep it sound.

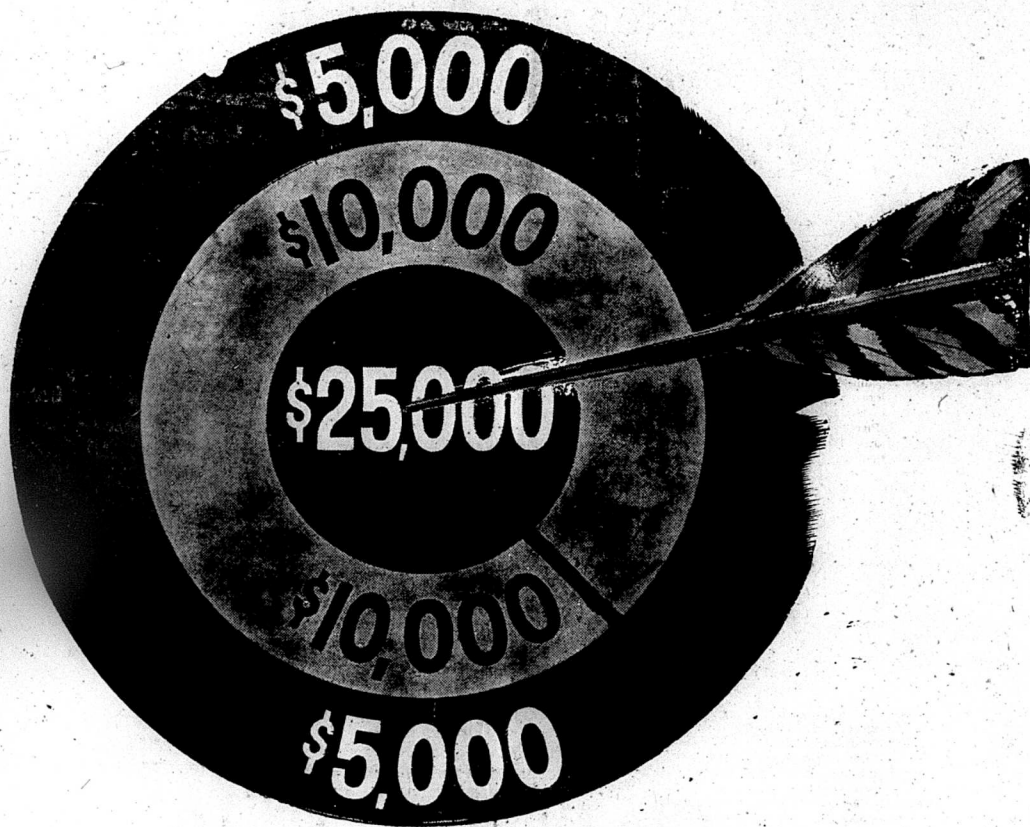

Start saving with U.S. Savings Bonds today. You'll save more than money.

## Pick your savings target and shoot straight for it!

**A** home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2063 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

## Summer Fun Is In Hi Gear In Fla.

TAMPA—Florida's summer fun, frolic and festival season is on in earnest with events scheduled from now until mid September in most Florida resort cities.

Sarasota led off with the most elaborate Miss Florida Pageant recently. The event attracted visitors from all sections of Florida and was the most successful ever staged. At the same time Pensacola was staging its annual Square Dance Festival.

The Tri-City Suncoast Fiesta with 16 communities participating got under way June 25 and will continue with one event after another until the end of July.

Daytona Beach is staging its annual Dixie Frolics from June 26, through July 4th.

Yacht races are scheduled for Ft. Myers June 19 to 26 while the annual Boat-a-cade will occur at Clearwater the week of June 25 to July 1.

The annual Miss Universe contest is scheduled at the Convention Hall in Miami July 2-10.

A gala water carnival and skiing contest will be held at Milton July 9-10.

Numerous cities throughout the state are planning Fourth of July events of one kind or another so weekend fun seekers and summer vacationers will find plenty of entertainment within easy reach no matter where they may reside.

*Sure, she's a grand old flag!  
That's why we salute her.  
That's why we pledge allegiance to her.*

That pledge, in its simplest terms, is another way of saying, "Count me in. You're my country and I love you and need you. Your problems are my problems, and I'm with you all the way."

Your country's biggest single problem is the perpetual responsibility for keeping the peace its people want. You can help with this problem by remembering this:

Peace costs money. Money for military and industrial strength. Money for science and education. And money saved by individuals — by you — to help keep the economy strong. Bonds provide this money.

### Christian Science Group Of Canal Point

How health and harmony are  
gained through understanding the  
supremacy of God will be brought  
out at Christian Science churches  
next Sunday.

Readings from the Bible in the  
Lesson-Sermon on the subject of  
"God" will include the following  
from Psalms (145:13): "Thy king-  
dom is an everlasting kingdom,  
and thy dominion endureth  
throughout all generations."

From "Science and Health with  
Key to the Scriptures" by Mary  
Baker Eddy this selection will be  
read (473:8-10): "God is every-  
where, and nothing apart from Him  
is present or has power."

The Golden Text is from Deu-  
teronomy (11:1): "Thou shalt love  
the Lord thy God, and keep his  
charge, and his statutes, and his  
judgments, and his command-  
ments, always."

a quarter of a century.

Records of the State-Federal

the state was June 17, 1939. At the  
height of the season in 1937, the  
costly livestock cases were running  
at the rate of from 30,000 to 40,000  
a month at a cost to the livestock  
industry of \$10-million.

# New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

*The Treasury explains why the new ones you buy and the ones you own now are better than ever*

**Q:** How does the new  $3\frac{3}{4}\%$  interest rate benefit me?

**A:** With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to  $2\frac{1}{4}\%$  for the first year and a half; then a guaranteed  $4\%$  each year to maturity.

**Q:** When did the new rate become effective?

**A:** June 1, 1959.

**Q:** Does the new rate change the Bonds I bought before June 1, 1959?

**A:** All older E and H Bonds pay more now—an extra  $\frac{1}{2}\%$  from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

**Q:** Will the Bonds I own automatically earn their new rate?

**A:** Yes. You don't need to do a thing—just hold on to your Bonds.

**Q:** When my E Bonds mature, will they keep on earning interest?

**A:** Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

**Q:** With the new interest rate, should I cash in my old Bonds and buy new ones?

**A:** No. The automatic  $\frac{1}{2}\%$  increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

**Q:** How are series H Bonds different from series E Bonds?

**A:** The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

**Q:** In what denominations can I buy series E and series H Bonds?

**A:** E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

**Q:** How safe are U.S. Savings Bonds?

**A:** Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

**Q:** What if my Bonds should be lost, stolen or destroyed?

**A:** You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

**Q:** Where can I buy Bonds?

**A:** Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

**Q:** How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

**A:** Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

MRS. MARTIN WILLIAM CARY

### Miss Corinne Collins Weds Lt. Martin William Cary In Church Ceremony

In an altar setting centered with an open Bible and a lighted taper on the communion table Miss Corinne Collins, daughter of Mr. and Mrs. Lewis Minter Collins of Pahokee, and Lt. Martin William Cary, Jr., U. S. Army, son of Col. and Mrs. M. W. Cary, Sr., of Marianna, were united in marriage Sunday, June 26, at 4 p. m. at the First Methodist Church in Pahokee, with the Rev. Wayne Owens of Jacksonville, former pastor of the Pahokee Church, officiating. The scene was lighted with two seven-branched candelabra bearing white tapers, and on either side were baskets of white mums and gladioli against a background of potted palms.

Robert O. Lampi, baritone, sang "I Love You Truly," "Whither Thou Goest" and "O, Perfect Love." Miss Jill McIlwain was organist.

Given in marriage by her father, the bride was lovely in a candle-light peau de soie gown with Chantilly lace medallions embroidered on bodice and skirt ending in a cathedral train. The fingertip veil of illusion was attached to a "Mary of Scot" creation with swirls of lace and twists of pearls. Her only jewelry was a diamond lavalier which was the wedding gift of her father to her mother. She carried a bouquet of white roses with ivy.

The bride's attendants were her cousin, Mrs. James E. Costin of Orlando, matron of honor; Miss Annette McIntosh, Miss Jeanine Mock and Miss Kay Friend, all of Pahokee, and Miss Sheila Cary of Marianna, sister of the bridegroom, bridesmaids. They wore peach taffeta sheaths with marigold overskirts, matching dainty scalloped caps, and carried cascade bouquets of carnations.

Lt. Robert Burns of Barnesville, Ga., a classmate of the bridegroom at West Point, served as best man. Ushers were Lewis Collins, brother of the bride; Mike Cary and Steve Cary, brothers of the bridegroom; and J. V. Thomas, Jr., his cousin.

For her daughter's wedding Mrs. Collins chose champagne chiffon over taffeta, featuring elbow-length sleeves and a shirred bodice with matching hat and accessories. Her corsage was brown vanda orchids.

Mrs. Cary, mother of the bridegroom, wore a silk shantung dress in blue with lace bodice and matching accessories. Her corsage was purple orchids.

At the reception, given by the bride's parents at their home, the bride's table was covered with a white cut-work linen cloth and centered with a three-tiered cake topped with white sweetheart roses. Silver candelabra lighted the table, and punch was served from a crystal bowl. Miss Nancy Thomas,

cousin of the bridegroom, was at the bride's book. Others assisting the hosts were Mrs. I. M. Lair, Mrs. Paul Rardin, Mrs. C. A. Chase, Mrs. Mildred Schoepel, Mrs. Fred W. Moore, Mrs. Billy Rawls, Mrs. H. M. McIntosh and the Misses Diana Graham, Willie Carson, Adams, Alice Elaine Hurt, Bonnie Lair, Dottie Lair, Paula Collier and Jann Plumer.

Out-of-town guests included Col. and Mrs. M. W. Cary, Sr., Marianna; Mrs. E. R. Cary, Mr. and Mrs. Stanley Gaylord and children, Nan Cary and Jim, Tampa; Mr. and Mrs. F. J. Winchester, Sebring; Mr. and Mrs. Charles Collins, Mr. and Mrs. Latimer C. Farr, Waukegan; Miss Anita Cowart, Jacksonville; Mrs. R. E. Griffin, Miss Lee Sanders and Miss Charlotte Hardien, West Palm Beach; Mr. and Mrs. H. E. Smith, Orlando; Mr. and Mrs. Fred Moore and Mrs. Harry Dermody, Miami.

For the wedding trip the bride changed to a gray dotted swiss suit with white accessories and a white orchid corsage. After a brief honeymoon Lt. and Mrs. Cary will reside at Fort Sill, Okla., where he has been assigned for military duty.

### Friend Home Scene Of Collins Party

One of the last social events honoring Miss Collins before her marriage was a buffet dinner given by Mrs. Lewis Friend and daughter, Miss Kay Friend, and Mrs. Rupert Mock and daughter, Miss Jeanine Mock, at the Friend home on East Main St. Pink Roses were featured by the hostesses in the decorations.

Guests were Miss Collins, Mr. and Mrs. L. M. Collins, Mrs. H. E. Smith, Miss Cindy and Miss Merry Friend, Lt. M. W. Cary, Jr., Lt. Robert Burns, Lewis Collins, Hunter Latham, Rupert Mock, Jr., Rupert Mock, Sr., and Lewis Friend.

Following dinner two tables of bridge were enjoyed by the younger group.

Graham and daughter, Miss Diana Graham, at their home, 785 Bacon Point Road, with members of Miss Collins' Sunday School class, who assisted at the wedding reception, attending as guests.
